

Talent ID: 54321

Title: Genetic Counselor

Location: Minneapolis , USA

SUMMARY

Compassionate and knowledgeable Genetic Counselor with extensive experience in prenatal, pediatric, and adult genetic counseling. Adept at patient education, risk assessment, and facilitating decision-making processes. Demonstrated ability to manage complex cases and provide support for families navigating genetic diagnoses.

PROFESSIONAL EXPERIENCE

Genetic Counseling Experience

Prenatal Counseling Facility

Provided in-person and remote prenatal and preconception genetics care focused on risk assessment, patient education about screening and testing options, and facilitating decision-making.

University Center for Inherited Conditions

Delivered in-person and remote counseling for pediatric and adult patients, emphasizing education, risk assessment, and bereavement support. Conducted literature review and presented findings at institutional conferences.

Children's Hospital – Neurology Department

Engaged in genetic counseling for children with neurodevelopmental disorders, developing clinical judgment, interpreting genetic testing results, and supporting family adaptation to diagnoses.

Specialty Clinic for Connective Tissue Disorders

Provided genetic counseling for individuals and families, focusing on implications of genetic testing and facilitating coping strategies.

Research Institute – Genetic Disorders

Delivered pediatric and adult counseling for inherited retinal disorders, educating families on genetic risks and clinical trials.

Telehealth Genetics Service

Conducted remote counseling focused on risk assessment and genetic test result interpretation for pediatric and adult cancer patients.

WORK AND VOLUNTEER EXPERIENCE

Medical Education Initiative

Medical Education Specialist

Managed development of medical resources for families facing new diagnoses and created communication training tools for providers.

Volunteer Intern

Assisted with fundraising event coordination and outreach to clinics.

Public Health Institute

Teaching Assistant

Collaborated on course development, facilitated discussions, and graded assignments.

Genetic Counseling Firm

Genetic Counseling Assistant

Prepared patient documentation and managed communication between patients and genetic counselors.

Community Association

Volunteer Teacher

Provided weekly English lessons tailored to beginner learners.
