

Candidate ID: 58743

Title: Clinical Embryologist

Location: Bangalore, India

SUMMARY

An experienced Clinical Embryologist with a strong academic and practical background. Skilled in training over 150 embryologists, andrologists, and gynecologists on assisted reproduction techniques. Experienced in setting up labs across India and providing consultancy services in the UAE, Myanmar, and African countries. Currently seeking to lead a busy IVF center to maximize societal impact.

PROFESSIONAL EXPERIENCE

Chief Embryologist, IVF Center

August 2023 - Present

Full-time embryologist at an IVF center while managing freelance batches and cases across multiple locations, including Raipur, Bilai, Jagdalpur, Durg, and Bilaspur.

Freelance Senior Embryologist & Associate Professor

November 2022 - July 2023

Worked as an associate professor in collaboration with an academic and IVF center in Bangalore. Handled over six hospitals as a freelance embryologist, conducting audits and providing expert services.

Embryologist/Executive Embryologist, Fertility Center & Academics

October 2020 - October 2022

Developed training content and instructed andrologists, embryologists, and gynecologists. Served full-time as an embryologist alongside notable experts in the field.

Andrologist/Junior Embryologist, Fertility Centers

January 2017 - October 2020

Gained extensive experience in andrology and junior embryology roles, working under senior professionals in the field.
